Search and Display Performance VS Web Push Remarketing

April 2022 Conversion Rate

The conversion rate is calculated as follows: Number of conversions (leads or sales depending on the sector) / Number of clicks.

**Conversion data observed on web push notifications relayed by Notifadz on + 100 partner brands for the month of April 2022.

^{*}Conversion data from marketing.wordstream.com article of 12 March 2022, average between search and display.
